Mahmoud Sallam

Software Engineering Student | C · Linux · Git | 42 Irbid Piscine Alumni | Head of Program Committee @ IEEE INU
Irbid, Irbid, Jordan

Summary

I'm a Computer Software Engineering student at Irbid National University with a strong foundation in low-level programming, built through the intensive 42 Irbid Piscine. There I worked in C and shell on Linux, used Git daily, and learned through peer-to-peer problem solving with no teachers or lectures. Alongside my studies, I lead the Program Committee at IEEE INU, where I manage a team of 24 members organizing technical events and workshops. I also co-organized IEEE MegaMeet 2026, a regional event with 150 attendees from 5 student branches. I'm interested in backend and systems development, and I'm currently building an inspection app.

Experience

IEEE INU
Head of Program Committee
October 2025 - Present (1 year 1 month)
Irbid, Jordan

Lead a team of 24 members planning technical events, workshops, and sessions

Coordinate with speakers, faculty, and partners to deliver technical events, with 4 delivered so far, attended by 100+ students

IEEE INU
MegaMeet 2026 Organizer
May 2026 - May 2026 (1 month)

Co-organized a regional IEEE event with 150 attendees from 5 student branches

Managed event logistics and on-site operations, including venue setup, registration, and session timing

42 Irbid
Piscine Participant
April 2026 - May 2026 (2 months)

Completed an intensive 4-week C programming bootcamp based on peer learning and project work
Passed 2 exams and completed 11 projects; collaborated on team “rush” projects under tight deadlines
Built projects in C and shell on Linux covering pointers, memory management, recursion, and algorithms

Athar Team
Minbar Sound Engineer
October 2025 - October 2025 (1 month)

Managed live audio setup and mixing for a public speaking competition with 90+ attendees

---

Education

Irbid National University
Bachelor of Engineering - BE, Computer Software Engineering · (October 2024 - October 2027)
